AS FIRST GRADERS IN BEMUS

Class History

Twenty-five members of the Class of 1958 started kindergarten in 1945 in the Bemus Point School District and remained together through High School: Charles Anderson, Mary Beth Bailey, Helen Bogenschutz, Joan Boyd, Arthur Brown, Dale Burgess, Joyce Clark, Donald Cook, Gail Dahlquist, Margaret Johnson, Laura Jones, Carole Kesby, Doris Liddell, Judy Nygren, Sandra Okerlund, Phyllis Pickard, Sondra Rhodes, Dennis Rodgers, Mary Sack, Eldora Sample, Richard Sparling, Theodore Valone, Sandra White, Beverly Winton, and David Woodhead.

From the moment we entered High School, we kept things stirred up and won the reputation of being the peppiest Freshman class in the record of the school. We certainly had a lot of fun that year sponsoring a dance, the "Frosh Frolic," and selling popcorn at the basketball games.

As Sophomores, we were at first weighed down with responsibility, but even this did not crush our enthusiasm at being — legally and at last — senior high school students. During this year, Donald Rice was our class president; and under the guidance of Mr. Fassett, Mr. Pegan and Mr. Thompson, we sponsored two very successful smorgasbords and sold ice cream and candy at the basketball games.

Our class spirit continued into our Junior year, with David Rhodes as president. Again we spon-

sored a successful smorgasbord, but the highlight of the year was our Junior play, "For Pete's Sake." We entertained the Seniors at the traditional Junior-Senior Banquet, choosing the White Inn at Fredonia for the festivities. Here all tradition was shattered; our long persistence paid off. At the dinner we received our long-awaited class rings and did not have to wait, as in the past, for Moving-Up Day.

Our career as Seniors brings this record up to date. In all ways we have done our best to show our school spirit; we have attended football, basketball and baseball games galore and cheered and sung ourselves hoarse. Among the many special things which have made our Senior year memorable have been another smorgasbord, our Senior play at Thanksgiving time, and of course our never-to-be forgotten Senior trip to Washington in the spring. Leading us in our last year of High School were Donald Rice, president; Charles Anderson, vice-president; Barbara Shelters, secretary; Arthur Brown, treasurer, and Helen Bogenschutz and Richard Woodfield, Student Council representatives, with Mr. Carlson, Mr. Pegan and Mr. Thompson as our advisors.

We look back with pride; we look ahead with hope. If we succeed as well in the future as we have in our high school days, our school days have indeed started us along the highway to success.

SENIOR HOMEROOMS

Senior homerooms are characterized largely by empty seats. The "inmates" are everywhere else — all over school — getting subscriptions for the Yearbook, reporting on magazine sales, holding impromptu committee meetings for Senior Play, meeting with travel bureau representatives for the Senior Trip, or just striding purposefully between rooms as if they did have a meeting.

For three years, Mr. Thompson's and Mr. Pegan's rooms have been homerooms for the Class. Mr. Carlson joined the ranks as 1958 homeroom teacher only this last year, inheriting from Mr. Fassett, when he left Bemus, the group Mr. Fassett had had in his charge for two years.

Interest in science in the Bemus Point High School is high. It was found necessary to offer two sections of Chemistry this year, for instance, through Chemistry is an elective and is primarily a senior subject, and there are only 61 Seniors in the school. Science was one of Bemus Point's highest ranking areas in the recently administered Iowa Tests of Educational Development, given to all high school students last fall. The average of all classes, in the many areas covered, showed that Bemus Point High ranked in the upper seven percent of all high schools which participated in this nationwide test; and on the basis of the average scores made by Seniors the school ranked in the upper two percent nationwide. Scores in the Natural Science Background test, which measures the cumulative knowledge of science gained throughout the school years, were outstandingly high; and the present Juniors ranked in the top one percent of the whole country — this in spite of inadequate and far too crowded laboratory facilities in the high school.

Participation in the Section VI playoffs in Buffalo's Memorial Auditorium, the first time for a Bemus Point basketball team in 28 years, capped a highly successful season for the Red Dragons. Although short in the height department, the Varsity was long in scrap and in the desire to win and to improve. After losing two of its first three league games, the Varsity came back strong, winning the next 11 in a row, to end up with a league record of 12 wins against 2 losses and an overall record of 16 and 6.

The JV's enjoyed one of the best season in the school's history, winning 16 games and losing only one. If this is any indication of things to come, the Varsity should enjoy another good season next year.
